- English
- Kinyarwanda

PROFILE

In addition to my ability to work effectively in a group, I possess qualities such as being self-motivated, intelligent, and energetic. I excel in communication, am self-determined, and demonstrate strong time management skills. Furthermore, I thrive in high-pressure situations, am adept at learning quickly, and am committed to collaborative teamwork.

WORK EXPERIENCE

ICT Chamber

March 2024- May 2024

Mobile Developer as Trainee

During this time, I utilized Agile methodology for rapid value delivery through flexibility, collaboration, and continuous improvement as a UI/UX designer, creating intuitive user interfaces. I designed and developed cross-platform mobile apps using React Native, JavaScript, TypeScript, and React.js, ensuring performance and scalability. I employed Jest for testing and Expo for accurate device testing, integrated third-party APIs, and collaborated with backend developers for RESTful API integration. Additionally, I managed app deployments to the Apple App Store and Google Play Store.

Silver Rwanda IT Professionals

July 2022 - May 2023

Software Developer

Throughout this job In my role, I developed different web applications using various technologies, primarily the PHP Laravel framework with a MySQL database. I was responsible for debugging, which involved identifying and resolving system errors, and for the subsequent testing, deployment, and maintenance of the applications. This process ensured that all issues were addressed before the system was deployed on a server for end-user access. Additionally, I collaborated and communicated effectively with my team to ensure smooth and efficient project execution

GS KINTEKO

2019 - 2021

Teacher

At GS KINTEKO High School, I developed and delivered engaging lesson plans, assessed student performance, and created a positive learning environment. As Class Head, I led student activities, mentored academic and personal development, and collaborated with colleagues to enhance school programs. My innovative teaching methods and strong communication with parents fostered a supportive and effective educational experience.

CMU Africa Bridge training program FABLAB TechUpSkills Cohot 3

Jan 2024- March 2024

Oct 2023- Feb 2024
